Fifty-Sixth Year

THE COLLEGE of the Immaculate Conception, conducted by the Fathers of the Society of Jesus, was founded in December 1847: and in March, 1856, was endowed by the Legislature of the State of Louisiana, with the full powers and privileges of a University.

The plan of studies embraces the Doctrines and Evidences of the Catholic Religion, Logic, Metaphysics, Ethics, Astronomy, Natural Philosophy, Chemistry, Mathematics, Rhetoric, Composition, Elocution, History, Geography, Arithmetic, Penmanship, Book-keeping, Stenography, Typewriting, the Latin, Greek, English, French, German and Spanish Languages. The arrangement of these studies is as follows:

I.

Post-Graduate Course

The Post-Graduate Course of Lectures was introduced in the month of November, 1886, and it has since been continued with good results.

Sociology, Natural and International Law, Political Economy and General Physics are the subject-matter of the Lectures.

The Annual Course opens on the first Monday of October and closes at the end of April. The general subject-matter will be distributed over several years, so as to vary the treatises of those who may desire to attend for more than one term.

At the termination of the complete Course, such members of the class as have given satisfaction by regular attendance may apply for the Degree of Bachelor of Philosophy, which will be granted on condition that they pass an examination on Theses, to be selected from the matter developed during the Course, and present an original and creditable paper on a given subject.

The Degree of **A. M.**, will, after one term of Post-Graduate Lectures, faithfully and studiously attended, be bestowed on those who have previously received the Degree of **A. B.**

Graduates of the College, or of any College of the same grade, students of Law or Medicine, and gentlemen of literary or scientific culture, will be admitted to the above Course.

II.

Classical Course

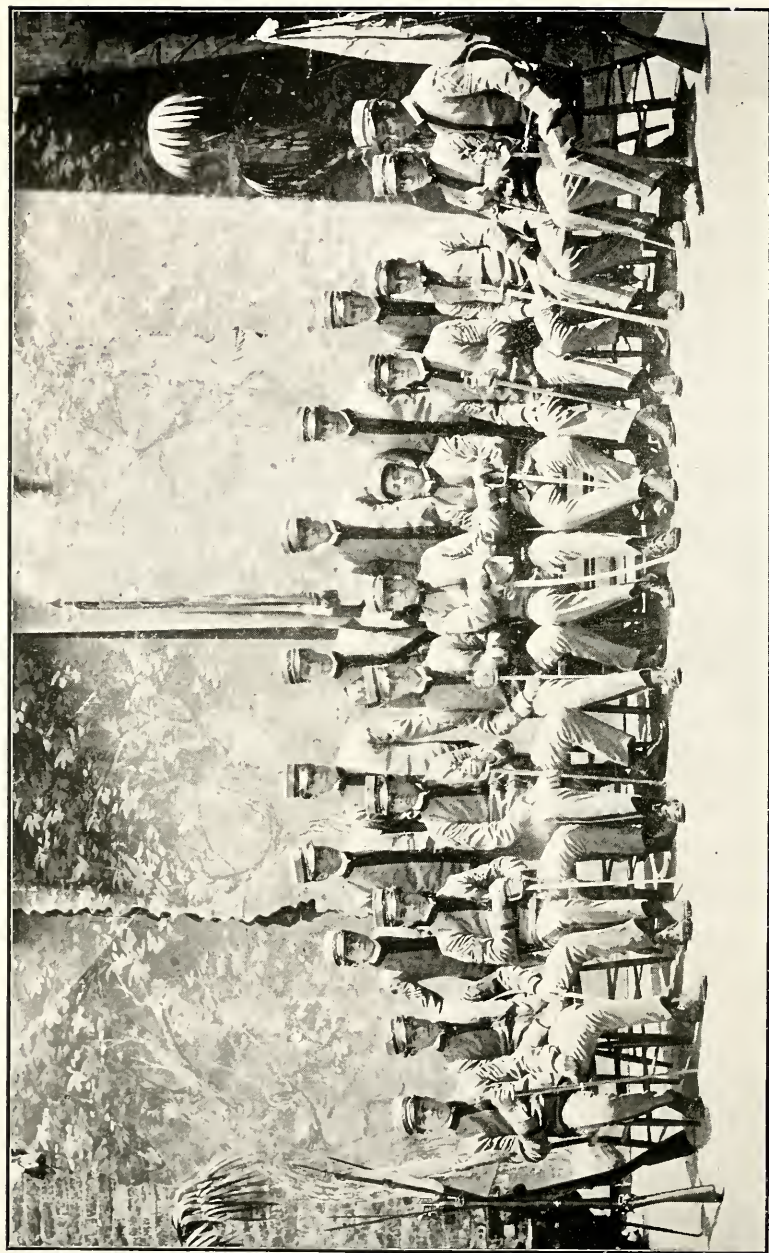

The Classical Course, which leads to the Degree of Bachelor of Arts, is designed to impart a thorough, liberal education. In the accomplishment of this purpose, the Ancient Classics hold the first place, because some acquaintance with them is essential to the study of modern literature and to sound scholarship. Besides Latin, Greek and English, it embraces Religious Instruction, Mental and Moral Philosophy, Astronomy and Mathematics, History, Literature, Book-keeping, and the Natural Sciences. It has been found by long experience that this is the only Course that affords unsurpassed mental discipline, forms a correct taste, and prepares the student to excel in any pursuit, whether professional or commercial.

III.

Commercial Course

This Course offers the means of acquiring a good English or Commercial education. It embraces Book-keeping, a thorough study of Arithmetic, Algebra, Grammar, Style, practice in Composition, English, and Religious Instruction. At the

OFFICERS OF CADET CORPS.

end of the Course, a Commercial Certificate is awarded to those who pass a satisfactory examination. Moreover, the Degree of Bachelor of Science will be conferred upon those who successfully devote two extra years to the study of Literature, Philosophy and the Natural Sciences.

IV.

Preparatory Department

This Department comprises the First and Second Preparatory. Its object is to introduce the younger pupils to the study of the first principles of Grammar, chiefly by class-drill; to form them to habits of attention and application, and thus prepare them for one of the regular Courses of Instruction.

Requirements for entering this Department are:

FIRST.—The applicant must know how to read, write and spell creditably.

SECOND.—He should know Arithmetic as far as Long Division, included.

Military Department

In the scholastic year of 1900-1901 the College authorities, after mature deliberation, decided to institute a Military Department in the College curriculum, and a Cadet Battalion was formed under the name of the Jesuit College Cadet Corps.

This new departure has proved most popular with the student body and has met with the most hearty approval on the part of parents.

Within the short period of their history the Cadets have already attained a high degree of proficiency, as has been evidenced on many occasions when they appeared in public.

Membership in the Cadet Corps is obligatory for all students of the Academic, Commercial and Collegiate Departments.

The Cadet Corps is now supervised by an officer of the United States Army, detailed for duty at the College, by the Secretary of War, for a period of four years.

The Cadet Corps numbered during the past year over four hundred of the students. Their appearance in the numerous civic processions in the city has elicited much praise. The precision in the evolutions, in the manual of arms, and in marching, so manifest now, augurs well for the future of the Corps.

The arms in use are the Cadet Springfield Rifle, furnished by the U. S. Government, and similar to those used by the Cadets at the West Point Military Academy.

The uniform is the West Point Cadet pattern, a steel grey, with black facings, very neat, serviceable and the most economical clothing the boys can wear. The uniform may be worn at all times, but, of course, it must be kept neat and tidy in appearance.

The detail of an officer of the Army to a College carries with it a supply of Infantry arms, equipments and ammunition for target practice. Artillery field pieces and blank cartridges, and, in some cases, where there are facilities for their use, Cavalry arms and equipments.

The practical course of Infantry embraces small arms target practice, and as far as possible, all the movements prescribed by the Drill Regulations of the U. S. Army, applicable to a battalion.

Instruction also includes the duties of sentinels, and where practicable, Castramentation—establishing camps, erection of forts, etc.

The officers of the Cadet Corps are appointed by competitive examinations.

CHURCH AND COLLEGE, BARONNE STREET FRONT.

Upon the graduation of each class, the Military Instructor reports to the War Department and to the Adjutant General of the State the names of those students who have shown special aptitude for military service, and the names of the three most distinguished in military science and tactics are inserted in the U. S. Army Register.

The time given to the Military Department will not in any way interfere with the usual College curriculum.

Religious Training

The College authorities are convinced that, without Religion, there can be no education, in the true sense of the word, that is to say, no complete and harmonious development of the intellect and heart of man. They hold, furthermore, that religious truth, being definite and certain, like any and every other truth, is as susceptible of teaching as the science of language, or the theory of numbers. Hence, the Catechism of Christian Doctrine is a text-book in every class, and lectures on it are given twice a week. In all the classes the day's work begins and ends with prayer. The Catholic Religion alone is taught, but non-Catholics will also be welcome and their religious opinions studiously respected. Catholic students go to Confession the third Saturday of each month, then on the following Sunday, in the Church annexed to the College, hear Mass and receive Holy Communion.

General Regulations

Admission

 VERY Student who applies for admission must furnish testimonials of good moral character, unless he be personally known to some member of the faculty; and should he come from another institution, he will be required to bring satisfactory evidence of blameless conduct. He is then examined by the Prefect of Studies, and assigned to that class for which his previous attainments have qualified him.

The session is divided into two terms. The first begins on the first Monday in September, the second on the first of February and closes towards the end of June.

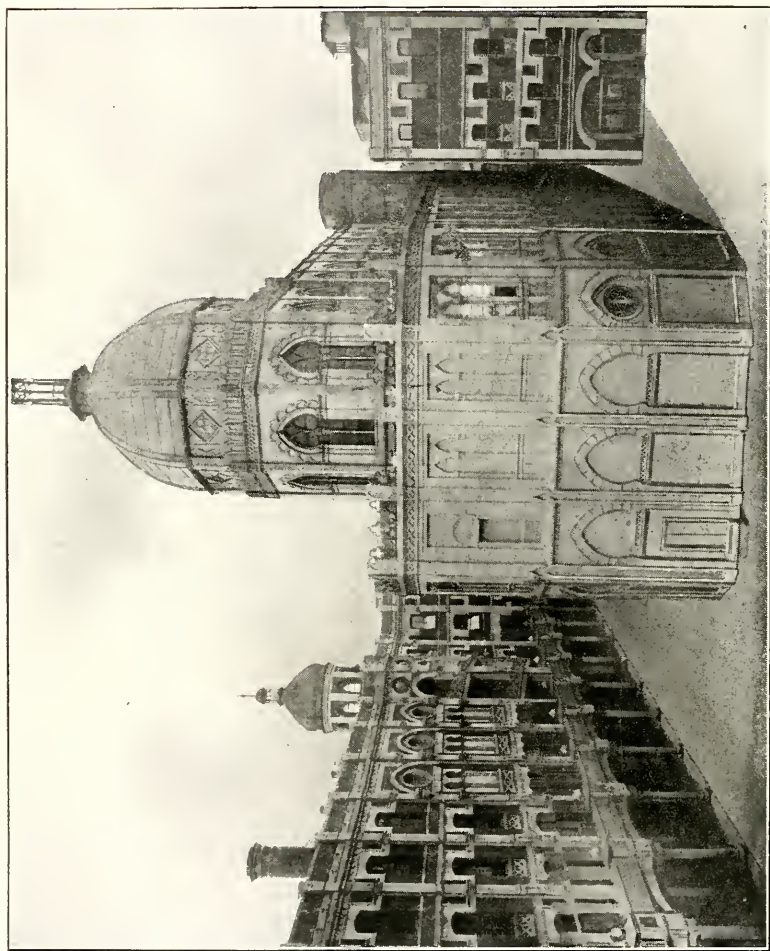

Leaving the College

Parents who wish to withdraw their sons before the end of the session are respectfully requested **to give due notice of their intention to the Vice - President.** Many inconveniences will thus be avoided, and order secured. Should any student leave of his own accord, or be withdrawn without such notice, or without giving satisfactory reasons, he will not be re-admitted. On leaving, students should take their books, etc., with them, as the College is not responsible for any articles left behind.

Examinations

Two examinations are held every year, one at the end of each term.

CHURCH AND COLLEGE.

Promotions

Though promotions may take place any time during the year, whenever warranted by the progress of the student, the usual time is the beginning of the school year. These promotions depend partly on the final examinations, and partly on the general class standing during the preceding year. A student of ordinary talent, and steady application during the entire session, may be easily promoted, provided he returns promptly when classes are resumed. Should he not be promoted, it is usually a sign that he did not attend regularly during the entire session, or that he did not devote sufficient time daily to home study. Should a student fail in the final examination, he will be offered the privilege of passing a private examination during the vacation, if his yearly average warrants the concession. Should a student, however, fail in the semi-annual examination and also in the final examination, he forfeits any such privilege.

Competitions

Competitive exercises are given monthly in the various branches, the results being read publicly in the presence of the faculty and students, and the leaders rewarded for their proficiency.

To lend interest to these announcements, as well as to accustom the students to appear in public, the proceedings are varied with class matter, declamations, original speeches, vocal and instrumental music.

Testimonials of good conduct and diligence are given regularly to deserving students. Parents should require these evidences of good behavior, and if not forthcoming, take an early opportunity of visiting the Vice-President, to inquire why their sons fail to receive merit cards.

Modern Languages

The study of French, Spanish and German is optional and entails no extra charge.

Stenography and Typewriting

The study of these branches is optional.

Fees and Expenses

As the College is not endowed, it is entirely dependent for its support on the fees paid for tuition.

Tuition per month, payable in advance	£6 00
Use of Chemicals, etc., <i>per annum</i>	10 00
Classical Diploma	10 00
Commercial Certificate.....	5 00
Stenography and Typewriting, each, per month	1 00

N. B.—No deduction is made for any absence less than half a month.

Books and stationery are furnished by the College at current prices.

COLLEGE OF THE IMMACULATE CONCEPTION, COMMON
STREET FRONT.

Special Regulations

THE ATTENTION of students is specially directed to the important duty of **home study**. Since recitations in the various branches fill up almost all the school hours, it is very difficult to advance, and utterly impossible to accomplish the work laid out for each year, unless the student devotes at least **three hours daily** to class study at home. Parents are

Home Study

exhorted to insist on this indispensable duty, and to inform the faculty, should their sons neglect it.

After home study the next duty which should claim the attention of students and the vigilance of parents is **punctuality**.

Punctuality

Severe illness or absence from the city is, generally speaking, the only excuse admissible for staying away. Whenever parents keep their sons at home, on account of sickness or for any other good reason, they are requested **to send a postal card to the Vice-President**. Frequent absence so rapidly lowers a student's class standing, that the faculty prefer he should be withdrawn entirely.

Owing, moreover, to the serious inconvenience resulting to professors and students from breaking in on class-hours

Attendance the whole day

by withdrawal before the end of the afternoon class, permission to leave College will not be given, unless for reasons deemed imperative by the Vice-President.

If parents do not insist on home study and punctual attendance, they need not be astonished if their sons remain a second year in the same class, or, perhaps, be refused re-admission.

Along with moral and mental training, the faculty lay great stress on the development of the manners of perfect gentlemen, and consider the rules of politeness a very important part of the course of studies. Whatever, therefore, is contrary to good breeding, is out of place in College. Consequently no boisterous conduct or rough play is tolerated

Politeness on the premises, and silence is strictly enjoined in the class-rooms, and on the corridors or stairways leading thereto. Any ungentlemanly conduct among the students themselves, any disrespect or insubordination to a professor or officer of the College, will be visited with severe punishment, and even with dismissal should the gravity of the offense require such a penalty.

For faults of ordinary occurrence, such as tardy arrival, failure in exercises or recitations, slight violations of rules, detention after class, or the task of writing or memorizing some lines from an author, is deemed a sufficient penalty.

For faults committed outside of the premises, the officers of the College are by no means responsible, as students cease, then, to be under their jurisdiction still, **Penalties** should any serious charge be fairly substantiated, the guilty will be punished according to the gravity of the offense.

Damages to the College property will be repaired at the expense of the offender.

The use of profane language or anything bordering on immorality, will subject the offender to immediate expulsion.

Once a month the marks of all the students are read out **Monthly** in the classes. These marks are the record of **Marks** daily lessons, exercises, conduct and monthly competitions. 100 is the maximum. A student receiving over 89, merits a testimonial of the first grade, one receiving from 80 to 89, merits one of the second grade.

A **report** of these marks is sent to the home of every student to be signed by his parents or guardian. As these reports **Monthly** indicate exactly the student's class standing, the **Reports** College requests that they be very carefully examined, and afterwards returned to the Professor. **No student is allowed to open his report. Should these reports be not forthcoming, parents or guardians should consult the Vice-President as soon as possible.**

The College is open at 8 A. M. All are obliged to be present at 8:45 A. M., at which hour they go to church for **Cardiness** morning prayer. Class begins precisely at 9 o'clock.

A student arriving after the 8:45 o'clock bell has rung, must report at once to the Vice-President, and cannot enter class without a note from him.

Written excuses for lessons or exercises fall under the same rule as notes for absence; a student not prepared to recite is considered as morally absent, and is marked accordingly. Such excuses are to be handed to the Prefect of Studies, who will decide whether, in some special instance, they are to be admitted.

No student, unless for serious reasons, will be allowed to take his lunch outside the College limits. Parents are requested not to ask this permission if it can possibly be avoided.

Thursday is the weekly holiday, but should an extraordinary holiday fall on a regular class day, classes may be continued on Thursday, as usual.

All are expected to be clean and neat in person and dress apparel.

Critical Logic

1. A Simple Apprehension as such, cannot be false.
2. The doctrine of Universal Scepticism is absurd.
3. Descartes' 'System of Methodic Doubt' is self-contradictory.
4. Our external senses, acting under proper conditions, are reliable in their perception of the sensible qualities of their proper and common objects.
5. The testimony of witnesses, under proper conditions, can give perfect certainty.

Ontology

1. The term 'Being,' as applied to God and creatures, is analogous.
2. The internal possibility of things does not depend formally on the power nor on the will of God.
3. The internal possibility of things depends proximately on the intellect of God and fundamentally on His essence.
4. All action is directed to some end or purpose.

Cosmology

1. Pantheism and Agnosticism are systems destructive of all religion, morality and human society.
2. Matter was created.
3. The world is not absolutely but only relatively perfect.
4. The ultimate end of the world is God's extrinsic glory.
5. Miracles are possible.
6. There are in matter two substantial principles, viz: prime matter and substantial form; the former is the principle of extension, the latter that of specific action.

Psychology

1. Though endowed with sensitive perception and instinct, yet brute animals have no intelligence.
2. The human will is free not only from coercion, but also from all necessary action.
3. The human soul is simple.
4. The human soul is spiritual.
5. The human soul is immortal.

Natural Theology

1. There exists a necessary or self-existent Being, the intelligent cause of the universe, to whom all men are responsible for their moral conduct.
2. God is infinitely perfect.
3. There can be only one God.
4. God is intrinsically immutable.
5. God is free in all His external acts.
6. God knows all things, past, present and future.
7. God is omnipotent.

Ethics and Natural Right

1. Men are obliged to render public worship to God.
2. Indifference in the matter of religion, or the opinion which holds that one religion is as good as another, is to be condemned.
3. Suicide is never allowed.
4. A lie is always evil.
5. Duelling is never allowed.
6. Under certain conditions, it is lawful to repel force by force, even if it result in the death of the unjust aggressor.
7. Man has the right to acquire landed property. Therefore the theory of Henry George, by which it is asserted that the law of nature forbids individuals to possess exclusive ownership of the soil, is to be rejected.
8. Simultaneous polygamy and divorce '*a vinculo*' are by nature unlawful.

1. Transmission of pressure in liquids. Pascal's law. Hydrostatic press. Downward, upward and lateral pressure. Equilibrium of liquids in communicating vessels. Archimedes' principle;—its application in determining the specific gravity of solids.
2. Properties of gases. The atmosphere and its pressure. Barometers. Mariotte's Law. The Air-pump. Lifting and force pumps. Siphon.
3. Production of statical electricity. Electroscope. Electrostatic induction. Electrophorus. Plate machine. Condensation of electricity. Leyden jar.
4. Current electricity. Primary batteries. Daniell's, gravity, and Leclanche cells. Electrical Units. Ohm's law. Electrolysis and its applications. Galvanometer. Permanent and electromagnets.
5. Electromagnetic induction. Ruhmkorff's coil. Dynamo. Morse's Telegraph. Telephone.
6. Wave motion. Wave period. Wave length. Amplitude. Production and propagation of sound. Sound Waves. Intensity, pitch and timbre of musical sounds. Reinforcement and interference of sound.
7. Ordinary thermometers. Expansion of bodies by heat. Rate of gaseous expansion. Relation of temperature and volume of gases. Liquefaction and vaporization. Latent and specific heats.

General Chemistry

1. Chemical symbols and formulae. Molecular and atomic weights. Chemical equations. Quantivalence. Laws of definite and multiple proportions. Gravimetric computations.
2. Describe the elements H, O, N, Cl, S. Explain the manufacture of HCl , HNO_3 , NH_3 , H_2SO_4 ; and give the chief properties and uses of these compounds. Acids, bases, salts.
3. Occurrence, preparation, properties and uses of the various forms of Carbon. Illuminating gas.
4. Preparation, properties and uses of the compounds NaCl , Na_2CO_3 , NaOH , CaO , Ca(OH)_2 .
5. Cast Iron, wrought iron, steel. Preparation of these substances from the ores of iron.

Mechanics

1. Motion and rest. Kinds of motion. Laws of uniform, and uniformly accelerated motion. Composition and resolution of velocities.
2. Force. Kinds of force, and their effects upon a free body. Newton's laws of motion. Measurement of force.
3. Work and Energy. Their measurement. Kinds of Energy. Transformation and conservation of energy.
4. Composition and resolution of angular forces acting in one plane. Equilibrium of forces. Conditions of equilibrium. Moments. Theorem of moments.
5. Simple Machines. General laws of machines. Levers. Pulleys. Inclined plane.

Astronomy

1. The Celestial Sphere. Its relation to the earth. Coördinates of a Star. Altitude and Azimuth, Right Ascension, Declination and N. P. distance of a star.
2. Diurnal motion of the earth. Sidereal, true and mean solar time. Local time.
3. Transit Instrument and Meridian Circle. Their use in determining the coördinates of a star.
4. Apparent motions of the planets. Their real motions. Copernican system. Kepler's laws. Universal Gravitation.
5. Solar system. Sun's Dimensions and Constitution. Description of the Planets. The stellar universe. Distances and constitution of stars.

The Apostleship of Prayer

In League with the Sacred Heart

The Apostleship of Prayer is a League of zeal and prayer in union with the Sacred Heart of Jesus Christ. Its object is to spread devotion to the Sacred Heart ; to promote the interests for which that Sacred Heart is ever pleading in our Tabernacles and on our Altars,—the salvation of souls and the triumph of the church ; and to make reparation for sin.

Argument

Count Erizzo a Venetian senator jealous of the popularity and power of the Doge Foscari employs every treasonable means to ascend the throne. He engages Donato, the head of an old and powerful house, as solicitor to the Doge for the post of procurator for his arch minion Celso. Either way works well ; if he succeed, Erizzo's party gains a firmer foot in Venice ; if he fail, Donato is won over to their cause. The post is asked and refused in terms ill-suited to the petulant disposition of the old senator. Erizzo and Celso finding Donato in the right mood, dwell with peculiar acrimony on the scorn he had received, hint the increasing dotage of the Doge, the long and wasteful wars ; Erizzo, moreover, insinuates the rising dislike of the old prince for Donato and his son Cosmo. These topics are reiterated in the senate, with circumstances of still greater aggression ; the father's domestic tyranny, his son's military ambition and the curb that the aristocracy receives from the impartial justice of their prince. It is resolved that the Doge shall be deposed that very day. Donato has virtue enough to refuse the crown, though he consents to the deposition in revenge for the refusal and the rebuff. The arrival of Francesco Foscari gives a new turn to the scene. He reproaches the false-hearted senate, and singles out Donato as the special object of his reproof ; he brings tidings of victory and peace won by his valor ; he will deliver them to none but the Doge, seated in his wonted state, from whom he received his maiden sword and high commission. A decree of the Senate reinstates the Doge, but Donato forgets not that he has been rated again, and by a boy, Erizzo, baffled and spurned profits by this ; he employs Celso to murder Donato on a dark and stormy night, near the palace, with Foscari's sword, accidentally dropped at the entrance. Erizzo casts the deed of horror on the guiltless young soldier.

The evidence is so strong that Francesco is condemned, not however to death, but to perpetual banishment. This decision displeases the fatherless Cosmo ; spurred on by Erizzo he attacks Francesco ; the latter falls, but Celso confesses his crime ; Erizzo is led to instant death, while Francesco dies pardoning friends and foes, happy that Venice recognizes his innocence.

TABLEAUX.

THE PREDICTION

PART I—The Warning.

"I flew a kite which gaily soared aloft,
 "Whilst I stood bending back in eestasy
 "And shouting and half envying it the flight,
 "That made it a companion of the stars.

PART II—The Interpretation.

"Aye mount ! mount ! mount ! aye like his fortunes mount
 "The future Doge of Venice.

II

FOREBODINGS

PART II—The Deposition.

Erizzo—"Good my Lords
 "Let us depose the Doge.
 Foscarei—"Let me thy son pluck off
 "This envied bonnet from thy honored head.

PART II—Restoration.

"Senators. at your behest
 "I wear once more the crown.

III

VERIFICATION

PART I—The Bloody Witness.

"The sword is mine, but of this foulest deed,
 "I am as ignorant as the senseless blade.

PART II—The Duel to the Death.

"Friends have they heard that I am innocent,
 "That I'm no murderer.

JESUIT COLLEGE

SCHOLARSHIP

NEW ORLEANS, LA.

CONDITIONS

... FOR ...

FOUNDERSHIP.

A course scholarship represents the amount necessary for a four or seven years' course, entitling the holder, upon successful examination at the end of the course, to the degree of Bachelor of Arts.

By means of such scholarship, some deserving boy, selected by the donor of the scholarship or by the College authorities or by open competition, will be enabled to make the full commercial or classic course at the Jesuits' College. Course scholarships are sixty dollars per year.

But course scholarships, by their very nature, cease with the graduation of their holders. What is practically needed, and is most desirable, is the foundation of perpetual scholarships, that is, an endowment sufficiently large to yield an annual interest that will cover the yearly tuition fees of one student. These endowed scholarships are estimated at \$1500.

The following are among those who have given scholarships :

Perpetual Scholarship

THE MARINONI FAMILY.

Acknowledgments

The President and Faculty wish to express publicly and in an especial manner the gratitude with which the College recalls and cherishes the memory of its past and present benefactors. The Messrs. Bernard, Patrick and Hugh McCloskey have at their own expense erected the superb College Annex now occupied by the Primary Department. The Thomas J. Semmes Memorial Chapel is the Munificent Gift of a noble wife fittingly perpetuating the memory of her illustrious husband in the College he loved so well.

The College also desires to express its gratitude to Mrs. Jas. Denègre, Mr. J. B. Levert, Mr. Nicholas Burke, Mrs. N. Hanton Burke, Mr. Lawrence Fabacher, Mr. Joseph Burguières, Mr. Francis R. Johnson, Mrs. Andrew Johnson, Mr. James Sinnott, Mr. Anthony Vizard and other true friends who generously contributed to the building fund.

The College hopes that these noble examples will arouse in others, blessed with ample fortune, the desire to emulate the above-named donors and to advance the cause of Christian education by assisting in the construction of the contemplated Science Hall and other buildings forming an essential feature in the original plan.

The President and Faculty express their grateful acknowledgment also to the various departments of the U. S. Government and of the Smithsonian Institute for contributions to the College Library and Museum.

To Georgetown University, Washington, D. C., for one scholarship in the Law or Medical Department.

To Tulane University for two scholarships in the College of Technology.

To Hon. Adolph Meyer for many acts of courtesy and kindness.

To Mr. Lawrence Fabacher and Mr. Adolphe Dumser for many acts of kindness and hospitality manifested towards the Faculty.

To Mr. E. Claudel for many beautiful photographs, some of which accompany this Catalogue.

To Rev. E. J. Fallon for one triple Lantern, two single Lanterns, Solar Microscope with 500 slides.

To the Sisters of St. Joseph for a new edition of Gayarré's History of Louisiana.

To Mrs. James Behan for a superb collection of the birds of Louisiana.
